IN EACH SET

The heart of the Bilingers System.

BILINGERS PLATFORM

Guide. Connect. Grow.

ONE PLATFORM. COMPLETE SUPPORT.

The Bilingers platform is the **core tool of the entire system**, designed to guide both teachers and parents through everyday bilingual activities. It is not screen time for children - it is a **tool for adults to lead meaningful interaction** with the child.

No English required

The **STANDARD version** provides scenarios in **local native languages**. The **PLUS version** supports English-speaking teachers.

Daily scenarios

You always know: what to do, how to do it, and what materials you need.

STEAM-based approach

Language is built through **exploration, action, and real understanding**.

Home & school connected

Teachers and parents work within one system, creating a **consistent learning experience**.

Designed for real interaction

The platform supports adults - children participate through play, not screens.

**Simple.
Structured.
Effective.**

**Everything is designed
to help adults focus
on the child
- not on preparation.**

THE METHOD

Language through everyday interaction.

Children don't learn from screens - they learn through play, movement, and real connection guided by adults.

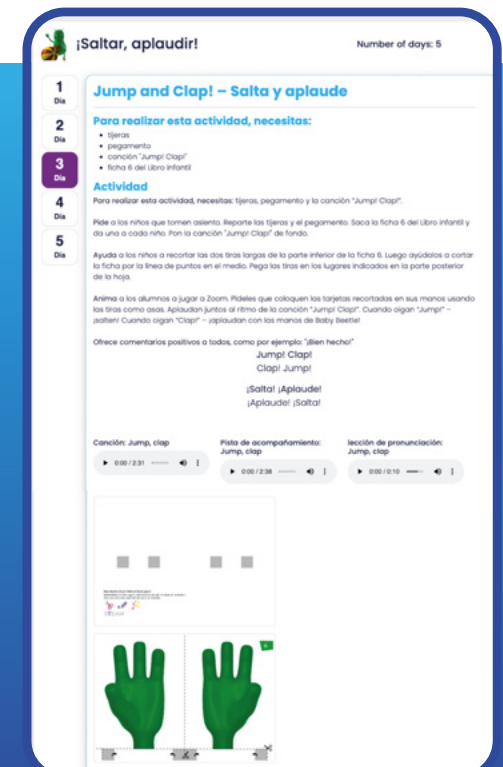

What does the platform include?

The Bilingers platform provides complete, ready-to-use content for both school and home, designed to guide adults step by step.

It includes:

- ✓ daily activity scenarios for the classroom and home
- ✓ available in **STANDARD (local native language)** or **PLUS (English)** versions
- ✓ animations and video content
- ✓ songs and rhymes
- ✓ native speaker recordings
- ✓ printable materials and worksheets

All content is clearly structured and connected, so adults always know: **what to do, how to do it, and what is needed for each activity**.

One connected ecosystem

Teachers assign topics →
Parents can see them at home →
Children repeat and deepen understanding

Learning continues naturally beyond the classroom

Key features

- ✓ interactive, user-friendly interface
- ✓ integrated working environment
- ✓ rich library of home activities
- ✓ built-in evaluation & recommendation system

Designed for real life

- ✓ supports both teachers and parents
- ✓ reduces preparation time

and teamwork.

WHAT IS STEAM?

Technology

Using simple tools and materials
to solve tasks.

Art

Creative thinking and self-expression.

Science

Observing, experimenting, and reaching
conclusions.

Engineering

Building, designing, and testing ideas.

Mathematics

Counting, classifying, and recognizing
patterns.

THE METHOD

STEAM in practice - on every page

Not just words. It's a method of communication that
builds relationships.

How do the cards work?

Each activity follows a clear structure:

- ✓ list of materials (icons)
- ✓ simple instructions
- ✓ hands-on / construction /
experimental task
- ✓ extended activity and language tasks
available online

This method allows children to visualize
the language and increases independent learning.

What makes our Children's Books different?

STEAM

Each card develops inquiry, construction,
and mathematical thinking.

Card + scenario

Ready-to-use instructions and ideas
for extended play and project work.

Language in context

Vocabulary from videos reinforced
through action and natural repetition.

PUPPET SETS

Learning begins with emotions.

Bilingers puppet sets are designed for each level:

- ✓ **Baby Beetles** – set of 4 puppets
- ✓ **Tom and Keri** – set of 4 puppets

Each set brings familiar characters to life and introduces English in a natural, engaging way.

What makes it so powerful?

Emotional connection

Puppets create a bridge between children and language, making learning natural and engaging.

Language guides

They encourage children to communicate in English through play and interaction.

Characters come alive

Familiar characters become real companions in everyday learning.

THE METHOD

Language grows through connection.

Through interaction, emotion, and meaningful play, children begin to communicate naturally.

OPOL in practice

One Person One Language

Characters in the animations and songs only use English, so **children naturally see them as "English-speaking"** and respond in the same way during play.

More than just toys

Puppets are powerful educational tools that support active language learning.

- ✓ interactive teaching tools
- ✓ natural communication triggers
- ✓ engagement through movement and emotion

What makes them essential?

- ✓ emotional development support
- ✓ spontaneous communication development
- ✓ a safe learning environment
- ✓ engagement in every activity

Building trust and confidence

- ✓ Puppets become trusted "friends"
- ✓ Children feel comfortable, and learn to experiment with the language
- ✓ Confidence grows naturally through repeated interaction

Language thrives when children feel comfortable to speak.

Read. Listen. Experience.

STORYBOOKS BABY BEETLES TOM AND KERI

Big stories for little explorers.

Baby Beetles and Tom & Keri Storybooks are part of the Bilingers System.

Designed for children aged 3 – 6 (KG1 - KG3), they support natural second language learning through:

- ✓ repetition
- ✓ imagination
- ✓ play

Children don't just learn English.
They experience it.

Four books:

- ✓ Baby Beetles A
- ✓ Baby Beetles B
- ✓ Tom and Keri A
- ✓ Tom and Keri B

Each story contains short, clear sentences, vibrant illustrations, and characters from the animations.

Listen with a native speaker

Each book includes a QR code with a recording of the material read by a native speaker.

Children can listen to the stories again and again:

- ✓ in the classroom
- ✓ at home

THE METHOD

Learning through engaging stories and play.

A natural way to build bilingualism through shared storytelling.

The Storybooks were created by **Claire Selby, the creator of the SPIRAL Language System™**.

- S – Sounds
- P – Pictures
- I – Interest
- R – Repetition
- A – Action
- L – Links

Children acquire English like a first language
- naturally, through play and story context.

How to use the Storybooks

- ✓ Read slowly and clearly
- ✓ Listen to the recording via the QR code
- ✓ Repeat regularly
- ✓ Act out scenes with movement and gestures
- ✓ Connect words with everyday situations

You don't need to be an English teacher.
Shared enjoyment of listening is enough.

Why does it work?

- ✓ Gradual progression and clear illustrations
- ✓ Natural repetition
- ✓ Characters children love
- ✓ Learning without pressure
- ✓ A wide range of engaging stories
 - Baby Beetles A & B – over 200 pages each
 - Tom and Keri A & B – nearly 150 pages each
- ✓ Large format (A4)

Every reading or listening brings more language.
More understanding. More confidence.

Extend the experience

Storybooks can be complemented with **the online version, available on the Bilingers platform.**

This offers even more ways to work with the stories, both in the classroom and at home.

The most beautiful learning begins with a great story.

TOOLS

Movement. Play. Language.

EDUCATIONAL CUBE BILINGERS

Learning you can touch.

Why does play-based learning work best?

For a child, play is the most natural way to explore the world.

Through movement, curiosity, and interaction, children develop their language, social, and cognitive skills.

That's why we created the educational cube with flash cards - **combining natural play with language learning.**

Easy to use

You don't need to know English to use the cube. MP3 recordings introducing correct pronunciation are available via QR codes, and ready-to-use playtime scenarios help you make the most of the product.

Three cube levels - tailored to the child's age

BABY BEETLES

KG1

TOM AND KERI A

KG2

TOM AND KERI B

KG3

THE METHOD

Children learn faster through movement and play.

Language becomes natural when it is experienced, not taught.

Endless ways to play and learn with the cube

Group activities

A perfect warm-up to start the day.

Vocabulary revision

Natural repetition of new words through movement and play.

Outdoor play

Easy to clean and suitable for use outside.

Multiple use

Can be used in many activities - not only language-based.

The cube supports the development of:

- ✓ language skills
- ✓ motor skills
- ✓ cooperation and communication
- ✓ exploring the world through play

An interactive learning tool

- ✓ **Learning through action**
Children learn through movement, observation, and imitation.
- ✓ **Flashcards with QR codes**
Each card links to an audio recording with correct pronunciation.
- ✓ **Play and learn**
Simple games and activities that develop vocabulary and communication.

What's included in the set?

- ✓ **Soft educational cube**
20 × 20 × 20 cm
- ✓ **Flashcards**
with QR codes linking to audio recordings
- ✓ **Ready-made play scenarios**

EXTRA
LEARNING
TOOLS

Expand. Reinforce. Understand.

DIGITAL EXTENSION SET

Extend language learning
beyond the basics.

What exactly is it?

The **Digital Extension Set** gives access to additional materials on the Bilingers platform:

- ✓ Digital Storybooks
- ✓ Picture Dictionaries

It helps children expand and reinforce vocabulary through familiar characters, stories, and context.

WHAT MAKES IT SO EFFECTIVE?

LEARNING THROUGH STORIES

Children revisit familiar adventures from animations and songs while naturally acquiring new words and expressions.

CONTEXT-BASED UNDERSTANDING

Words are learned through situations, visuals, and meaning - not translation, but real understanding.

REINFORCEMENT THROUGH REPETITION

Children meet the same language in different contexts, which strengthens understanding and memory.

THE METHOD

Build vocabulary through familiar stories.

Understanding comes before speaking.

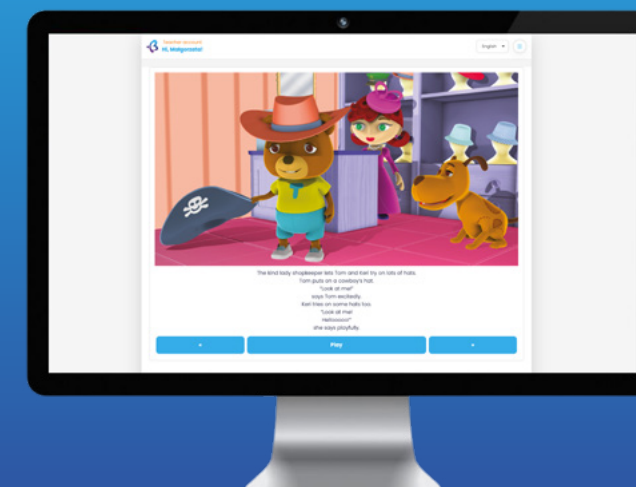

Digital Storybooks

Storybooks build on the Standard or PLUS programmes and introduce richer vocabulary and natural written language through engaging stories.

- ✓ **Baby Beetles series**
 - 40 interactive digital storybooks
 - 10 pages per story
 - extended vocabulary and expressions

- ✓ **Tom and Keri series**
 - 26 digital storybooks
 - interactive format
 - extended language in meaningful context

Stories are based on familiar characters, making learning intuitive and engaging.

Why it matters ?

- ✓ expands vocabulary naturally
- ✓ strengthens understanding through context
- ✓ supports both home and classroom learning
- ✓ builds confidence in using English

Picture Dictionaries

Context-based visual dictionaries that support speaking and understanding.

- ✓ words linked with clear illustrations
- ✓ vocabulary from stories and animations
- ✓ encourages active use of the language

Children naturally connect words with meaning, developing both speaking and listening skills.

Language grows when children understand through experience.

EXTRA
LEARNING
TOOLS

Learn. Play. Stay engaged.

PRINT EXTENSION TOOLS

Small tools. Maximum engagement.

What exactly is it?

Additional print tools that can be used independently to support the Bilingers System:

- ✓ Scratch-off Calendars
- ✓ Role-play Headbands

Each tool enhances learning through action, routine, and play.

WHAT MAKES THESE TOOLS SO POWERFUL?

TWO OPTIONS.
MANY POSSIBILITIES.

LEARNING BECOMES VISIBLE

Children see their progress and stay motivated.

LEARNING THROUGH PLAY

Movement and role-play make language natural.

ENGAGEMENT AND CONNECTION

Children participate, cooperate, and communicate.

THE METHOD

Learning grows through action and repetition.

Two simple tools that support daily learning and boost children's engagement.

Scratch-off Calendars

A simple visual tool that builds routine and daily engagement.

- ✓ children scratch off one square after finishing daily activities
- ✓ each square reveals a part of a hidden image
- ✓ after 5 days, the full weekly picture is revealed

Familiar characters and scenes appear square by square, turning progress into a fun, visible reward.

Helps children to stay motivated and supports consistent implementation of daily activities.

Role-play Headbands

A playful tool that brings language into action.

- ✓ supports role-play and movement-based activities
- ✓ encourages communication and dialogue
- ✓ increases motivation and engagement
- ✓ works perfectly with songs, rhymes, and lessons
- ✓ supports multisensory learning
- ✓ builds cooperation and group interaction

Children don't just repeat language - they use it in real situations.

Why it matters ?

- ✓ strengthens daily routine
- ✓ increases active participation
- ✓ supports natural language use
- ✓ reinforces learning through play

Children learn best when they are part of the action.
